

TOP 5 T-SHIRTS TRENDS OF 2019

by designhill

What Can We Expect?

1

Nature-inspired T-shirts

T-shirts having cartoon characters on them are back in vogue

Cartoon-themed t-shirts will take over all your favorite brands this year. They are humorous, full of excitement and add a playful twist to the design

Fashion of nature-inspired t-shirts will be huge in 2017

As the influence of nature and environment on designers as well people increase over the years. From big floral prints to natural textures such as furs, this year has brought with itself earthy prints that are refreshing as well as interesting to see. T-shirts having animal-inspired prints such as of dragonfly or butterfly wings will also be right on style.

2

Cartoon Tees Are Back!

Another t-shirt design trend to look out for in 2017

Is of the gothic inspired t-shirts. Employing some elements of mystery would create unique designs thus creating excitement in the consumers.

Gothic Is the New Black

of your tee. So, if you are young (at heart), add one or two tees to your closet and you'll be no less than a fashion icon. They t-shirts may have cartoon characters printed on them or just be colorful to give it a comic look. This trend is going to be big in 2017 and you'll be no less than a fashion icon. They t-shirts may have cartoon characters printed on them or just be colorful to give it a comic look. This trend is going to be big in 2017.

3

Gothic Is the New Black

The t-shirt designs will have elements such as illustrated mythical sea creatures, pirate skulls, skeletons, vintage typography, ancient seascapes, graphic Japanese waves and rope details and so on. They certainly grab the attention of the people.

With an extraordinary variety of bird feathers all around

Designers can get really creative while making such t-shirts designs. They can take inspiration from the colors and exotic nature of feathers. A feather printed t-shirt can create a good and positive vibe with its vibrant colors. The designers can use the feather designs alone or combine with other elements

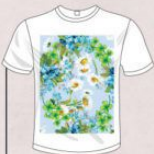

Creating Feathered Fantasy

and the customers will surely buy it. T-shirts can have intricate prints, exotic peacocks, songbirds, birds of paradise, detailed features, soft flowing prints and detailed illustrations. Atleast one such tee is a must in your wardrobe.

5

The Power of Flower

typography, splicing effects etc. Buy one for yourself as the 'flowers are in full bloom.'

This t-shirt design trend is evergreen.

And it will continue to be one of the biggest t-shirt design trends of 2017 as well. It has a high fashion appeal amongst both women and men. Well known designers such as Gucci and Alexander McQueen too created head-to-toe floral looks last season.

This design trend aims to represent romance. You will see t-shirt designs with photo-real images of flowers, blurry blooms, watercolor prints, botanical
